MILITARY RECORDS SEARCH

ONLY ONE service record search will be conducted for ONE ancestor per mailing date. A search will be conducted for the RECORD OF SERVICE only. Any additional records that can be searched by our staff will require additional requests. Please use our enclosed Request For Search form and wait for our reply before sending another request. A self addressed stamped envelope is required with each request.

NAME SEARCHED: Elias Smith

Your request has been forwarded to us from \_\_\_\_\_

No military service record has been found for the name requested.

~~A true & exact transcription of all~~ service records found for the name requested are enclosed. The archives staff cannot determine whether or not the records sent are for your ancestor. This determination must be made by you. The records found are for the Confederate Army

In situations where more than four regiments are listed for one name, we have enclosed a copy of the index listing the regiments. You may request, from this index, no more than (4) four service records per mailing date, therefore, we recommend you try to determine the regiment needed.

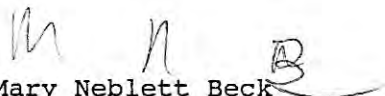

Additional records available that can be searched are listed below. Only records that are indexed have been indicated. Requests for a search of these records may be submitted on our request form, according to our research policy, stated on the back of the form. Requests for a search of any of these records must contain the RECORD desired, the ANCESTORS NAME, the REGIMENT AND THE COMPANY.
